

Owner/Operator Commitment to Safety

I am committed to a strong safety program that protects myself, other contractors, the property I work on and the public from incident.

A comprehensive hazard assessment will be performed for the company and reviewed annually for changes. In addition, a hazard assessment will also be performed prior to the start of any job that is new or unusual.

I will maintain current copies of the Occupational Health and Safety Act and Regulations that apply to my company and regularly reference them to ensure that I am in compliance with the legislation.

I will attempt to minimize injuries by utilizing personal protective equipment (PPE). I will use the appropriate personal protective equipment for my work environment. All PPE will be maintained according to manufacturer's instructions.

All tools and equipment shall be properly maintained as to reduce risk of injury and damage to property. Maintenance records for all major equipment, vehicles and buildings will be kept.

All appropriate safety training will be taken to prevent accident or injury. My training will be kept current and records will be maintained.

All incidents that result in injury or property damage, or that could have resulted in serious injury or major property damage will be thoroughly investigated.

I will ensure that the proper safeguards are taken to protect our environment.

An injury and incident free workplace is my goal. Through continuous safety and loss control effort, I can accomplish this.
