Declaration

As required of all employers in Nova Scotia, I have obtained current copies of the "Occupational Health and Safety Act" and the "Workplace Health and Safety Regulations" for the province of Nova Scotia.

To the best of my knowledge, I, (and my company's employees) meet the minimum safety training requirements as outlined in the Nova Scotia Occupational Health and Safety legislation.

In addition, I have obtained the COR supplementary sections (sections 14 & 15) for the province of Nova Scotia. My organization will demonstrate compliance upon commencement of work within the jurisdiction.
