Name of Job: Use And Care Of Respiratory Equipment	Development Date: February 23th, 2011	Developed By: CSNS
--	--	------------------------------

Possible Hazards Present

Respiratory Hazards

Personal Protective Equipment (PPE) and Devices Recommended

Respirator

What are some good general safe work practices?

- **DO** ensure you are fully trained on respiratory equipment.
- **DO** ensure you are conversant with safe work procedures and/or site-specific procedures.
- **DO** inspect the respirator before each use.
- **DO** inspect the respirator after each use.
- **DO** ensure to utilize “Buddy” system.
- **DO** ensure work masks are cleaned and disinfected after each use.
- **DO** ensure equipment is stored properly.

Please note: This document is for information purposes only as a guide. The safe job procedures (SJP) and safe work practices (SWP) created for your workplace should reflect your organizations processes, equipment and hazards as identified by a hazard analysis. Construction Safety Nova Scotia does not assume responsibility for the use of information in this document. If assistance is needed to complete a SWP and SJP for your organization please contact CSNS member services at constructionsafetyns.ca or 1.800.971.3888.
